

# Everything You Need to Manage and Grow Your Hotel, Configured to Your Size and Resources.

OPERA Xpress is a derivative of the proven OPERA Property Management System (PMS) for hotels. Every day, business and leisure travelers become more sophisticated, and consequently more demanding, about the amenities and services they expect from hotels. To keep guests happy and build loyalty, you have to exceed their expectations. OPERA Xpress enables you to succeed by ensuring you can provide guests with the level of service they expect, without regard to your hotel's size, country, region, or brand.

## Exciting Features

- Resides on a robust Oracle platform
- Use one system across multiple properties
- Configure the screens according to your business processes, reducing costs by streamlining workflow
- Check-in with a single swipe of a credit card
- Manage guest messages efficiently and on time
- Simplified night audit, eliminating down time
- User Dashboard for simple navigation

## Configured to business processes, including enhanced guest profiling

- Design screens to fit your business needs
- Integrate with OPERA Web Booking Engine for seamless web presence
- Retrieve guest information from a detailed profile database
- Integrate with OPERA Sales and Catering free from interfaces

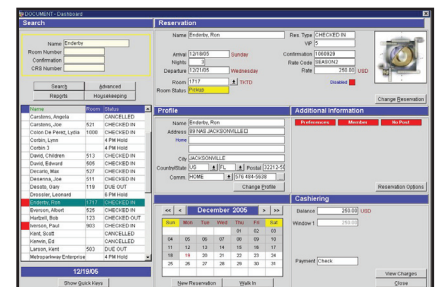

## Pay only for features you want

- Enable or disable features, for a cost-effective solution
- Pay only for the bundle of features your hotel or brand selects

## Easy installation and training

- Expert OPERA Project Managers help you step-by-step throughout the installation
- Customize your screens with your own terminology
- Reduce hardware costs with a single server installations
- XML technology for enhanced interfacing with non-OPERA Systems
- Electronic computer-based training that is quick and easy, minimizing the impact of high turnover.
